

Payroll and CIS pricing

Transparent fees. Tax-aware support. Calm payroll.

Simple pricing for routine payroll and CIS work, delivered by a tax and accountancy specialist team. Choose pay-as-you-go for flexibility, or ask about an annual fixed-fee option for predictable budgeting.

Payroll pay-as-you-go

Weekly, fortnightly or monthly.
Designed for 1 to 100+ employees.
Routine processing, done properly.

Payslips (1-99 employees): £4.00 each
Includes: e-payslips
Payroll summary: £3.00 per summary
P45 / leavers: £7.50 per leaver
New starter setup: £15.00 per employee
Holiday calculations: £4.00 per employee

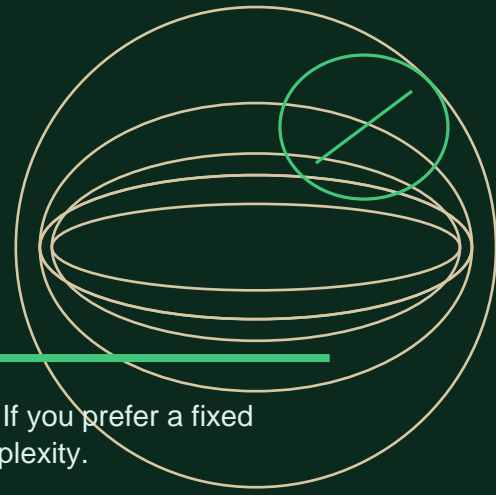

CIS pay-as-you-go

Construction Industry Scheme support.
Straightforward submissions and statements.
Clear, compliant records.

CIS monthly return: £35.00 per submission
CIS statements: £2.00 per subcontractor
New CIS subcontractor setup: £10.00 per person

What you get with TCW

- Accurate calculations and RTI submissions as part of payroll processing.
- Clear audit trail and reliable deadlines.
- Human support, quick answers, no waffle.
- Ethical, responsible use of AI to streamline routine work (with human oversight).

How pricing works

Simple options, no hidden surprises.

Pay-as-you-go is ideal when headcount changes or you want flexibility. If you prefer a fixed annual fee, we can quote based on pay frequency, headcount and complexity.

Option 1: Pay-as-you-go

You pay per item, per run, using the price list on page 1.
Best for small employers, variable payrolls and ad-hoc needs.

Option 2: Annual fixed fee

A single annual price for routine payroll and CIS processing.
Quoted per employer, based on headcount and pay frequency.

Request a quote - we will confirm scope and agree what is included.

Good to know

All prices are in GBP. VAT applies where applicable.
Complex payrolls, historic corrections or specialist advisory work are quoted separately.
We will always confirm costs before proceeding.
