

TCW Accounting Solutions

🌱 DRIVING SUSTAINABILITY & INNOVATION THROUGH AI

Since 2000, TCW Accounting Solutions has offered licensed accounting and training services with a future-focused mindset. We're more than just accountants — we are strategic partners who care about our clients' growth, our community, and the planet. Whether you're a startup, a growing business, or an established organisation, we offer guidance that blends financial expertise, digital innovation, and ethical responsibility.

Our Services — An Overview

TCW offers a comprehensive suite of services designed to support businesses at every stage of their journey. From compliance to consultancy, every solution is delivered with expertise, transparency, and a forward-thinking approach.

Tax & Compliance

HMRC & Companies House compliance, self-assessments, corporation tax, and tax planning.

Bookkeeping

Accurate, up-to-date digital records supporting operations, decisions, and tax returns.

Management Accounting

Regular reports, KPIs, and performance analysis for timely, informed decisions.

Budgeting & Forecasting

Data-backed budgets and AI-powered 'what-if' scenario planning for growth.

Internal Audit

Independent review of internal systems with limited assurance reporting.

Forensic Accounting

Fraud identification, financial inconsistencies, and expert legal documentation.

More Services — Tailored for Every Need

Independent Examinations

Required for many charities and non-profits, this cost-effective alternative to a full audit promotes transparency and builds trust with funders.

Payroll Services

Full payroll processing from **£4 per payslip**, including e-payslips, holiday pay calculations, leaver P45s, and new starter onboarding. Optional pension auto-enrolment support also available.

Digital Accountancy

All services are cloud-enabled, powered by systems like **Xero** and **QuickBooks**. Clients benefit from real-time dashboards, digital document sharing, and seamless integrations.

Consultancy

From business structure advice to process improvement and scaling strategies, we provide objective guidance for every growth stage.

Business Planning

We co-create investment-ready business plans with financial projections, marketing strategy, competitor research, and more.

Training

Via TCW Training Services, we offer in-house and online training across accounting software, tax knowledge, and core business skills. Custom packages available.

Start-Up Support

Turning your vision into a viable business? TCW offers **FREE consultations** for new entrepreneurs, covering:

Structure Choice

HMRC Registration

Bookkeeping Setup

Software Training

Initial Tax Planning

We're proud to have helped dozens of successful startups thrive — **ethically, digitally, and affordably.**

Our Commitment to Sustainability

At TCW, sustainability isn't an afterthought — **it's at the core of our ethos.** We are committed to reducing our environmental impact and helping clients adopt more eco-conscious business practices.

What We Do

- Encouraging digital documentation to reduce paper waste
- Promoting remote consultations
- Using cloud-based accounting systems
- Choosing suppliers, partners, and tools that align with environmental and ethical standards

Who We Support

We actively support **ethical start-ups and community enterprises** with a green mission, offering them affordable services and mentorship to scale responsibly.

We believe accountancy can be a force for good — and we're proud to be leading the way.

AI-Driven Solutions for Modern Businesses

Innovation is in our DNA. At TCW, we embrace artificial intelligence (AI) to offer smarter, faster, and more accurate services. From automated bookkeeping to real-time data analysis, our AI-enhanced systems help clients stay compliant and agile in an ever-changing financial landscape.

Accurate Forecasting & Trend Analysis

We leverage machine learning tools to deliver precise, data-backed forecasts that keep your business ahead of the curve.

Identifying Anomalies for Fraud Prevention

Our AI systems flag irregularities in real time, protecting your business from financial risk and reporting errors.

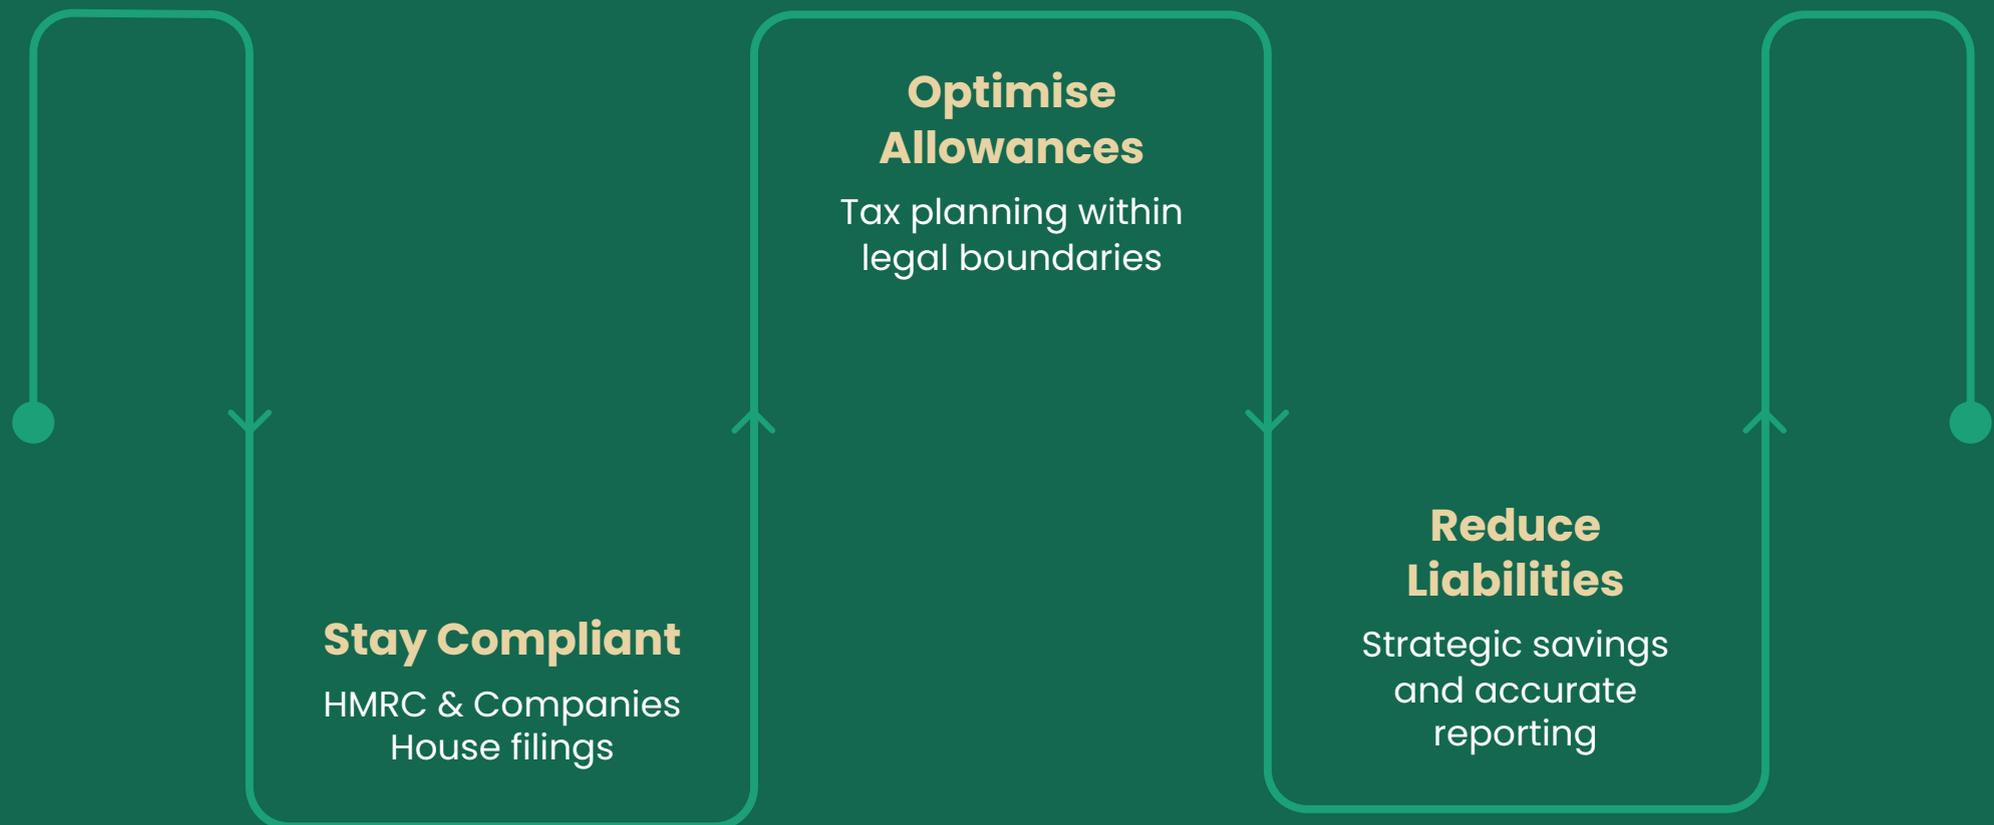

Streamlining Payroll & Reporting

Automation reduces manual admin, freeing our team to focus on strategic advisory — giving our clients more value.

We don't fear the future. We build it — **ethically, responsibly, and intelligently.**

Tax & Compliance — In Depth

We help businesses remain fully compliant with **HMRC** and **Companies House**, managing everything from self-assessments to corporation tax returns. We also offer tax planning to ensure you're optimising your allowances and reducing liabilities within legal boundaries.

Our proactive approach means you're never caught off guard — we manage deadlines, documentation, and strategy so you can focus on running your business.

Digital Accountancy & Cloud Technology

All TCW services are **cloud-enabled**, powered by industry-leading systems like **Xero** and **QuickBooks**. Our digital-first approach means clients benefit from:

Real-Time Dashboards

Live visibility into your financial position, anytime, anywhere.

Digital Document Sharing

Secure, paperless exchange of records and reports at the click of a button.

Seamless Integrations

Connect your existing tools and platforms for a fully joined-up financial ecosystem.

Remote Consultations

Access expert advice from wherever you are — no travel required.
