HOW PRICING WORKS

Simple options, no hidden surprises

Pay-as-you-go suits employers whose headcount moves. If you would rather budget a single figure for the year, we can quote an annual fixed fee.

Option 1 — Pay as you go

You pay per item and per run, using the price list opposite. Best for small employers, variable payrolls and ad-hoc needs.

Option 2 — Annual fixed fee

A single annual price for routine payroll and CIS processing, quoted per employer on headcount and pay frequency. Ask us and we will confirm the scope before anything starts.

Good to know

All prices are in GBP and VAT applies where applicable. Complex payrolls, historic corrections and specialist advisory work are quoted separately, and we will always confirm costs with you before proceeding.

Also available: pension auto-enrolment support, payroll health checks and in-house payroll training. Our free **UK Payroll Compliance Guide 2026/27** sets out every rate change for the current tax year.

Request a payroll quote

Tell us your headcount and pay frequency and we will come back with both options priced, so you can compare them properly.
